

CreditSuppliers™ Affiliate Program

Turning away construction clients?

Construction clients are often too risky to fund and you have to turn them away. Through the CreditSuppliers Affiliate Program you can give those clients an option and position yourself for some kick back. We know construction and we're designed specifically for contractors.

AFFILIATES GET PAID.

Affiliates receive 5% of transaction fees* for each new referral.

TURN "NO" INTO "YES!"

Turn clients you'd normally have to reject into money in your pocket.

THE PROCESS IS SIMPLE.

Sign up is easy! Start referring clients in no time.

If funding is your business, consider partnering with the best option for your construction clients. CreditSuppliers understands the financial landscape and the can-do spirit of the industry. That's why we offer generous terms to support contractors—and generous payouts to our partner affiliates who refer them to this exciting opportunity.
