OUR FUNDING BENEFITS

Your business will be enhanced by regular, predictable cash advances to your account, allowing you access to working capital well in advance of the time your invoices are actually cleared, paving the way to an increase in your company's growth. You stay fully informed with 24-hour access to our online reports.

Transfac's program lets you outsource much of your A/R department **at no additional cost**, and decrease your workload, lower your payroll expense and lighten your equipment requirements. We also offer inventory and PO financing programs for existing clients. We can support your growth even when it exceeds your expectations.

Transfac is well known for our transparency, dependability and flexibility in tailoring services to fit your unique business requirements. We can trace our roots in the factoring industry to 1942 and our clients stay with us over four times longer than the industry average.

FINAL APPROVAL

Transfac works fast to get through any potential hurdles we come across in our due diligence process and get you funded right away.

Again, congratulations on your pre-approval! We are excited to make you part of the team and finance your growth! We'll be in touch shortly, but feel free to contact me at [phone] or [email] with any questions.

Sincerely,
