Re: Kevin Park

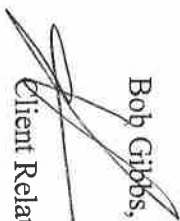

To whom it may concern:

Due to downsizing we were forced to include Kevin in our most recent layoffs. Outside of that, Kevin has always been dependable and I have been able to count on him to manage the collection floor in events where I was away. He has trusted people skills such as, but not limited to: mediation, empathy, coaching, leadership, negotiation, legal assisting, and learns new skills quickly. He is proficient with Microsoft suite, typing and other office software. Kevin has always been a leader in liquidation rates for the firm from the beginning of his tenure. Kevin has proven himself to be a valuable asset and is eligible for re-hire. Please feel free to contact me directly:
