SandBox™

Do no use as a dry abrasive blasting agent. Follow OSHA or other relevant safety and health standards for the form of crystalline silica called quartz. Current MSDS containing safety information is available and should be consulted before opening. Since empty containers retain product residue, follow label warnings even after container is empty.

HEALTH HAZARD WARNING: CONTAINS FREE SILICA, DO NOT BREATH DUST - Prolonged inhalation can cause delayed lung injury, including SILICOSIS, a progressive, disabling and sometimes fatal lung disease. IARC has determined that crystalline and micro crystalline silica inhaled from occupational sources can cause cancer in humans. Risk of injury is dependent on the duration and level of exposure.

Do no use as a dry abrasive blasting agent. Follow OSHA or other relevant safety and health standards for the form of crystalline silica called quartz. Current MSDS containing safety information is available and should be consulted before opening. Since empty containers retain product residue, follow label warnings even after container is empty.

HEALTH HAZARD WARNING: CONTAINS FREE SILICA, DO NOT BREATH DUST - Prolonged inhalation can cause delayed lung injury, including SILICOSIS, a progressive, disabling and sometimes fatal lung disease. IARC has determined that crystalline and micro crystalline silica inhaled from occupational sources can cause cancer in humans. Risk of injury is dependent on the duration and level of exposure.
